|--|--|----------------------------|--------------------|--|--------------------|----------------------------------|-------------------|---|-------------------|---------------------------|---------------------------|
| 1. Name of the project | Punjab Cities Program Provision and installation of Street Lights in Daska City | | | | | | | | | | |
| 2. Location | Daska Town is located at 74°21' East and 32°20' North at a distance of 24 km in the north-east of Gujranwala City, 24 Km from Sialkot at its south-west and 24 KM from Wazirabad at its southeast. The present population of 280,834, and the projected population by the year 2032 is 375,589 at a growth rate of 2.95% per annum. The city's total area is 16.53 km ² , in the built-up area is 13.00 km ² Location map is attached at Annexure-A | | | | | | | | | | |
| 3. Authorities responsible for | | | | | | | | | | | |
| i) Sponsoring | Government of the Punjab (through World Bank Funding) | | | | | | | | | | |
| ii) Execution | Municipal Committee, Daska | | | | | | | | | | |
| iii) Operation and Maintenance | Municipal Committee, Daska | | | | | | | | | | |
| iv) Concerned Provincial Department | Local Government and Community Development Department, Govt. of the Punjab | | | | | | | | | | |
| 4a. Plan Provision | | | | | | | | | | | |
| i) If the project is included in medium term/five-year plan, specify actual allocation | <p>Punjab Cities Program (PCP) is a World Bank Funded Program with a total cost of 236.00 million USD and comprises of below mentioned components.</p> <table border="1"> <tr> <td>Total loan from World Bank</td> <td>200.00 million USD</td> </tr> <tr> <td>Component-1 Infrastructure development (PforR)</td> <td>180.00 million USD</td> </tr> <tr> <td>Component-2 Technical Assistance</td> <td>20.00 million USD</td> </tr> <tr> <td>MCs share (20% of PforR component) equivalent to:</td> <td>36.00 million USD</td> </tr> <tr> <td>Total Program cost</td> <td>236.00 million USD</td> </tr> </table> <p>This program is included in the medium term/ five-year plan and has been funded now in ADP 2022-23 - under General Serial No-1769 with allocation of PKR 1329.90 million as foreign component.</p> | Total loan from World Bank | 200.00 million USD | Component-1 Infrastructure development (PforR) | 180.00 million USD | Component-2 Technical Assistance | 20.00 million USD | MCs share (20% of PforR component) equivalent to: | 36.00 million USD | Total Program cost | 236.00 million USD |
| Total loan from World Bank | 200.00 million USD | | | | | | | | | | |
| Component-1 Infrastructure development (PforR) | 180.00 million USD | | | | | | | | | | |
| Component-2 Technical Assistance | 20.00 million USD | | | | | | | | | | |
| MCs share (20% of PforR component) equivalent to: | 36.00 million USD | | | | | | | | | | |
| Total Program cost | 236.00 million USD | | | | | | | | | | |
| ii) If not included in the current plan, | Not applicable | | | | | | | | | | |

| | |
|--|--|
| <p>what warrants its inclusion and how it is now proposed to be accommodated</p> | |
| <p>iii) If the project is proposed to be financed out of block provision indicate.</p> | <p>The Project is being financed by World Bank as Donor along with 20% co-financing from the Program Units and is not proposed to be financed out of Block Allocation.</p> |
| <p>4b- Provision in the current year PSDP/ADP</p> | <p>Rs.1329.90 million under ADP 2022-23 General Serial No 1769.</p> |
| <p>5. Project objectives and its relationship with sector objectives</p> | <p><u>Sector Objectives</u></p> <p>The sector objectives include:</p> <ul style="list-style-type: none"> i) Provision of efficient and effective municipality services to the masses. ii) Community development through improving basic infrastructure. iii) Clean and green environment for better living standards. iv) Effective use of land through master planning of urban areas. v) Social uplifting and cohesion through provision of public open spaces and playgrounds. vi) Ease in mobility and communication. vii) Capacity building of Local Governments. <p><u>Objectives of the Project</u></p> <p>The Project aims at improvement of infrastructure of municipal services such as, street lights for improved communication and recreational facilities. The Project has the following objectives;</p> <p>The Project has the following objectives;</p> <ul style="list-style-type: none"> i) The project's main objective is to illuminate the main roads and provide safety to pedestrians and traffic. ii) Reduction in road accidents. iii) Security of people traveling at night. iv) It also enhances the aesthetic beauty of the city. <p>Hence, the objectives of the project are in line with the sector objectives mentioned at Sr. No-1, 2, 3 and 6 above and the project forms integral part of the concerned sector.</p> |

6. Description, justification, technical parameters, and technology transfer aspects

| <p>i)</p> | <p>Presently, street lights available in the limited areas of Daska city are mainly installed on electricity distribution company poles by GEPCO. The street lights on major roads are not functional. The condition of street lights on major roads is as under;</p> <p>i) Street Lights on Major Roads</p> <p>The LED luminaires have been installed, of which most are non-functional on major roads of the city. 148 no of Street light facility is available on major roads of the city. From the Bus stand to the Rest-house total no of street lights are 26 of which 10 are functional and 16 street lights are non-functional. From rest house to Govt. Degree College, the total number of street lights is 102 in which 85 are functional and 17 street lights are non-functional. Also, from civil hospital chowk to Nawaz Sharif Stadium are total 20 no of street lights are functional.</p> <p>ii) Street Lights in City areas/localities</p> <p>The existing street lights in various parts of the city are mainly of different rating LED types. All luminaires are installed on GEPCO (Gujranwala Electric Power Company Limited) poles and are not in fully operational condition. Many lights have been dormant and non-functional in various localities of the city.</p> | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | |
|--|---|---|--|------------|--|--|------|--------------|---------|-----------------|------|---|---------------|-------------------------------------|-------------------------------------|-----|--------------------------------------|-----|--|----|----------------------|-----|---|---|------------------------------------|------------|--------------------|------------|--------------------|--------|----------|--------|----------------------------------|---|---|-----------|-------------------------------|---|----|---|---|
| <p>ii) Description of the sub-project-</p> | <p>The project comprises 298 Nos LED Street lights of 120 watts. It includes the improvement of 26 Nos existing non-functional streetlights on Bank Road and 272 new streetlights on Circular Road in reach of 5 km.</p> <p>The Pole-to-pole distance has been selected as 40m and the same has been optimized by industry-renowned Dialux software calculations by establishing all required technical parameters and achieving optimal outputs.</p> | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | |
| <p>iii) iii. Detail of civil works, equipment & machinery, and other physical facilities</p> | <p>The detail of street lights to be installed, replace/rehabilitated, or in the city, is given below</p> <table border="1" data-bbox="464 1330 1485 2024"> <thead> <tr> <th colspan="5">A Installation and replacement of street lights</th> </tr> <tr> <th>S.N.</th> <th>Name of road</th> <th>From-To</th> <th>Detail of works</th> <th>Qty.</th> </tr> </thead> <tbody> <tr> <td rowspan="10">1</td> <td rowspan="10">Circular Road</td> <td rowspan="10">Canal road to Sialkot by-pass chowk</td> <td>Construction of RCC pole foundation</td> <td>142</td> </tr> <tr> <td>Supply and fixing of double arm pole</td> <td>130</td> </tr> <tr> <td>Supply and fixing of single arm pole at 3 Nos intersections.</td> <td>12</td> </tr> <tr> <td>120 watts LED lights</td> <td>272</td> </tr> <tr> <td>Street lights control panel & sensor switches</td> <td>4</td> </tr> <tr> <td>Electric Cable 2.5 mm²</td> <td>10,706 Rft</td> </tr> <tr> <td>25 mm²</td> <td>30,012 Rft</td> </tr> <tr> <td>35 mm²</td> <td>63 Rft</td> </tr> <tr> <td>Earthing</td> <td>4 jobs</td> </tr> <tr> <td>Sub-station (25 KVA transformer)</td> <td>4</td> </tr> <tr> <td rowspan="2">2</td> <td rowspan="2">Bank Road</td> <td rowspan="2">Lari-Adha to rest house chowk</td> <td>Replacement of street lights LED 120watts</td> <td>26</td> </tr> <tr> <td>Street lights control panel & sensor switches</td> <td>1</td> </tr> </tbody> </table> | A Installation and replacement of street lights | | | | | S.N. | Name of road | From-To | Detail of works | Qty. | 1 | Circular Road | Canal road to Sialkot by-pass chowk | Construction of RCC pole foundation | 142 | Supply and fixing of double arm pole | 130 | Supply and fixing of single arm pole at 3 Nos intersections. | 12 | 120 watts LED lights | 272 | Street lights control panel & sensor switches | 4 | Electric Cable 2.5 mm ² | 10,706 Rft | 25 mm ² | 30,012 Rft | 35 mm ² | 63 Rft | Earthing | 4 jobs | Sub-station (25 KVA transformer) | 4 | 2 | Bank Road | Lari-Adha to rest house chowk | Replacement of street lights LED 120watts | 26 | Street lights control panel & sensor switches | 1 |

| <p>8-Annual recurrent cost after completion of the project and source of financing</p> | <p>The annual O&M cost of the street lights installation and replacement/rehabilitation has been worked out to be PKR 6.563 million. The O&M cost breakup is given in Annexure B</p> | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | |
| <p>9- Demand & Supply Analysis</p> <p>i) Existing Capacity of services</p> | <p>Existing supply level</p> <p>Presently, there are no street light poles including LEDs and lighting accessories on circular road, and there are 26 existing lights on Bank Road which are non-functional and need to be replaced.</p> | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | |
| <p>ii) Projected Demand for 10 years</p> | <p>130 double arm-poles & 12 single-arm poles on the circular road need to be installed. The length of the circular road is approx. 5km. 26 street lights on existing poles need to be replaced on Bank Road and the length is approx. 1 km.</p> | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | |

| | | | | | | | | | | | | |
|--|--|--|--|---------------------|--|--------------------|--|----------------------------|--|----------------|--|-----------------|
| iii) Capacity of other similar projects being implemented in public/private sector | No other project of this nature is being implemented in the public as well as private sector because of funding constraints in the Unit. | | | | | | | | | | | |
| iv) Supply and Demand gaps | The circular road has no street lights and the provision of providing and installation of new street light poles including LEDs, lights accessories and allied works has been proposed. Additionally, the provision of replacement of existing street lights on Bank Road is also included. | | | | | | | | | | | |
| v) Designed capacity and output of the project | <p>142 street lights pole on the circular road will be installed. The length of the circular road is approx. 5km.</p> <p>26 street lights will be replaced on Bank Road and the length is approx.1 km.</p> | | | | | | | | | | | |
| 10. Financial Plan Sources of financing <u>Debt</u> a) Indicate the local and foreign debt Loan | Below given loan for the Punjab Cities Program has been funded by World Bank for 16 PCP cities in Punjab. <table border="1" data-bbox="467 835 1479 1120"> <tr> <td>Total loan to Government of Pakistan/Punjab</td> <td>200 million USD</td> </tr> <tr> <td>Component-1 for Infrastructure Development</td> <td>180 million USD</td> </tr> <tr> <td>Component-2 for Investment Project Financing For capacity building of MCs & three Govt. organization and program management.</td> <td>20 million USD</td> </tr> <tr> <td>20% share of Municipalities is equivalent to</td> <td>36 million USD</td> </tr> <tr> <td>Total funds available for Infrastructure Development</td> <td>216 million USD</td> </tr> </table> This project will be funded under this financing. | | Total loan to Government of Pakistan/Punjab | 200 million USD | Component-1 for Infrastructure Development | 180 million USD | Component-2 for Investment Project Financing For capacity building of MCs & three Govt. organization and program management. | 20 million USD | 20% share of Municipalities is equivalent to | 36 million USD | Total funds available for Infrastructure Development | 216 million USD |
| Total loan to Government of Pakistan/Punjab | 200 million USD | | | | | | | | | | | |
| Component-1 for Infrastructure Development | 180 million USD | | | | | | | | | | | |
| Component-2 for Investment Project Financing For capacity building of MCs & three Govt. organization and program management. | 20 million USD | | | | | | | | | | | |
| 20% share of Municipalities is equivalent to | 36 million USD | | | | | | | | | | | |
| Total funds available for Infrastructure Development | 216 million USD | | | | | | | | | | | |
| b) Equity | <p>A. Loan /Grant to MC</p> <p>The amount of loan converted to grant to Daska City will be PKR 107.373 million. The financing of the project will be as given below:</p> <table border="1" data-bbox="515 1350 1425 1563"> <tr> <td>Grant to Unit for the year 2022-23 (80% of cost of PC-I)</td> <td>PKR 126.162 million</td> </tr> <tr> <td>20% Co-finance by MC (20% of the cost of PC-I)</td> <td>PKR 31.541 million</td> </tr> <tr> <td>Total available funds (Total cost of PC-I)</td> <td>PKR 157.703 million</td> </tr> </table> <p>B. Project Cost: PKR 157,703 million</p> <p>*The loan is from World Bank to Government of Pakistan/Punjab, which will trickle down to Daska Unit as grant.</p> | | Grant to Unit for the year 2022-23 (80% of cost of PC-I) | PKR 126.162 million | 20% Co-finance by MC (20% of the cost of PC-I) | PKR 31.541 million | Total available funds (Total cost of PC-I) | PKR 157.703 million | | | | |
| Grant to Unit for the year 2022-23 (80% of cost of PC-I) | PKR 126.162 million | | | | | | | | | | | |
| 20% Co-finance by MC (20% of the cost of PC-I) | PKR 31.541 million | | | | | | | | | | | |
| Total available funds (Total cost of PC-I) | PKR 157.703 million | | | | | | | | | | | |
| c) Grants | No grant is being given by Government of Punjab out of ADP funds. The World Bank loan to Government of Pakistan / Punjab will trickle down as grant to MC Daska | | | | | | | | | | | |
| d) Weighted cost of capital | Nil | | | | | | | | | | | |

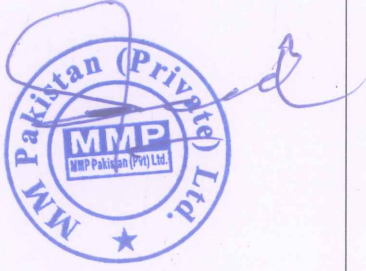

| 11-Project benefits and analysis | | | | | | | |
|--|--|----------------------|---------------------|-------------------------------------|-----------------|------------------------------|---------|
| i) Financial (including cost-benefit ratio): Income to the project with assumption | <ul style="list-style-type: none"> • The project comprises of improvement of street lights including lighting accessories and allied works in the city. • The provision of street lights is an economic public good. Users will not be tolled for using the roads or streets where the lights are being installed. • No revenues, public or private, will be directly generated. Hence, a financial analysis is not required as there is no positive cash flow or revenue stream that contributes to the calculation of an internal rate of return or payback period or cost-benefit ratio • There is no land acquisition or resettlement requirement as the streets are owned by the government. | | | | | | |
| ii) Social benefits to the target group | <p>The completion of the project will result in:</p> <ul style="list-style-type: none"> • With the ease of mobility and transportation that comes from the enhancement of vision on the streets, women and men alike will have greater enablement and access to economic opportunities and services. • Greater security will enable greater economic activity resulting in greater incomes. • The lights will provide users with recreational opportunities and improve aesthetic, in addition, enable easier access to health and education services • No anticipated change in the livelihoods of people around project sites is expected. • The project will, in addition, enable easier access to health and education services. • The project will also encourage citizen satisfaction and build trust with the government. | | | | | | |
| iii) Environmental Impact negative/positive | <p>Air emission and greenhouse gas reductions will result from the installation of street lights and, hence, improvement of project roads. During the construction phase, however, issues may arise from the generation of dust, emission of air pollution, noise, and traffic congestion due to traffic lane reduction and redirection. Nonetheless, there will be no permanent adverse impacts on the environment. The Environmental impact of the project is attached at Annexure-E.</p> | | | | | | |
| i) Quantifiable project outputs | <p>The quantifiable project out puts have been given above in Sr. No-9 (V). The social benefits to the citizen have been described at Sr. No-11(ii). The Economic Analysis, of the project have been attached at Annexure-C</p> | | | | | | |
| ii) Unit cost analysis | <p>The unit cost analysis is produced below;</p> <table border="1" data-bbox="475 1653 1394 1778"> <tbody> <tr> <td>Project capital cost</td> <td>PKR 157.703 million</td> </tr> <tr> <td>Population of the city in year 2022</td> <td>280,834 persons</td> </tr> <tr> <td>Unit capital cost per capita</td> <td>562 PKR</td> </tr> </tbody> </table> <p>Unit R&M cost: – The Repair & maintenance cost is already being borne by Daska unit. The unit cost of O&M per annum per capita will be 23.00 PKR.</p> | Project capital cost | PKR 157.703 million | Population of the city in year 2022 | 280,834 persons | Unit capital cost per capita | 562 PKR |
| Project capital cost | PKR 157.703 million | | | | | | |
| Population of the city in year 2022 | 280,834 persons | | | | | | |
| Unit capital cost per capita | 562 PKR | | | | | | |

| | |
|---|--|
| <p>i) Employment generation (Direct and indirect)</p> | <p><u>Employment Analysis</u></p> <p>Direct Employment</p> <p>a) <i>Planning and Design of projects</i></p> <p>Increased access to the economy from the improvement of roads in terms of street lights will increase employment in and beyond project sites. It will also create a positive effect on employees in terms of their performance and productivity and, hence, wages. During construction, employment for the local people of the project area will be available. There will be indirect employment resulting from easier and greater access to opportunities across local geographies.</p> <p>The planning and design of the project has been entrusted to local consultants who have appointed staff and experts in road and related disciplines along with their support staff. The consultants will also appoint their staff for resident supervision of the project to verify and certify the items of works to be executed under this PC-I.</p> <p>b) <i>Execution of the Project</i></p> <p>a) <i>PMDFC</i></p> <p>PMDFC has the project monitoring and supervisory role and the company has enough experts and staff to complete this assignment. PMDFC has already deployed under mentioned staff for these projects:</p> <ul style="list-style-type: none"> • Civil Engineers • Accounts, administration and audit personnel • Urban planners • GIS experts • Support staff like computer operators, vehicle drivers, office boys and guards. • Procurement experts • Communication experts • Environmental and social experts • Contract management experts <p>b) <i>Consultants</i></p> <p>PMDFC has employed (M/s MM PAKISTAN) as consultants for detailed design and resident supervision of the projects who will deploy their staff for execution of the project.</p> <p>c) <i>Municipality</i></p> <p>Daska MC has regular staff like engineers, sub engineers and other administrative & accounts keeping staff which will be responsible for execution of the project and contract management. No additional staff will be needed for execution of this project</p> <p>d) <i>Contractor</i></p> <p>The contractor responsible for execution of the sub project will employ skilled and unskilled labor on this work.</p> |
|---|--|

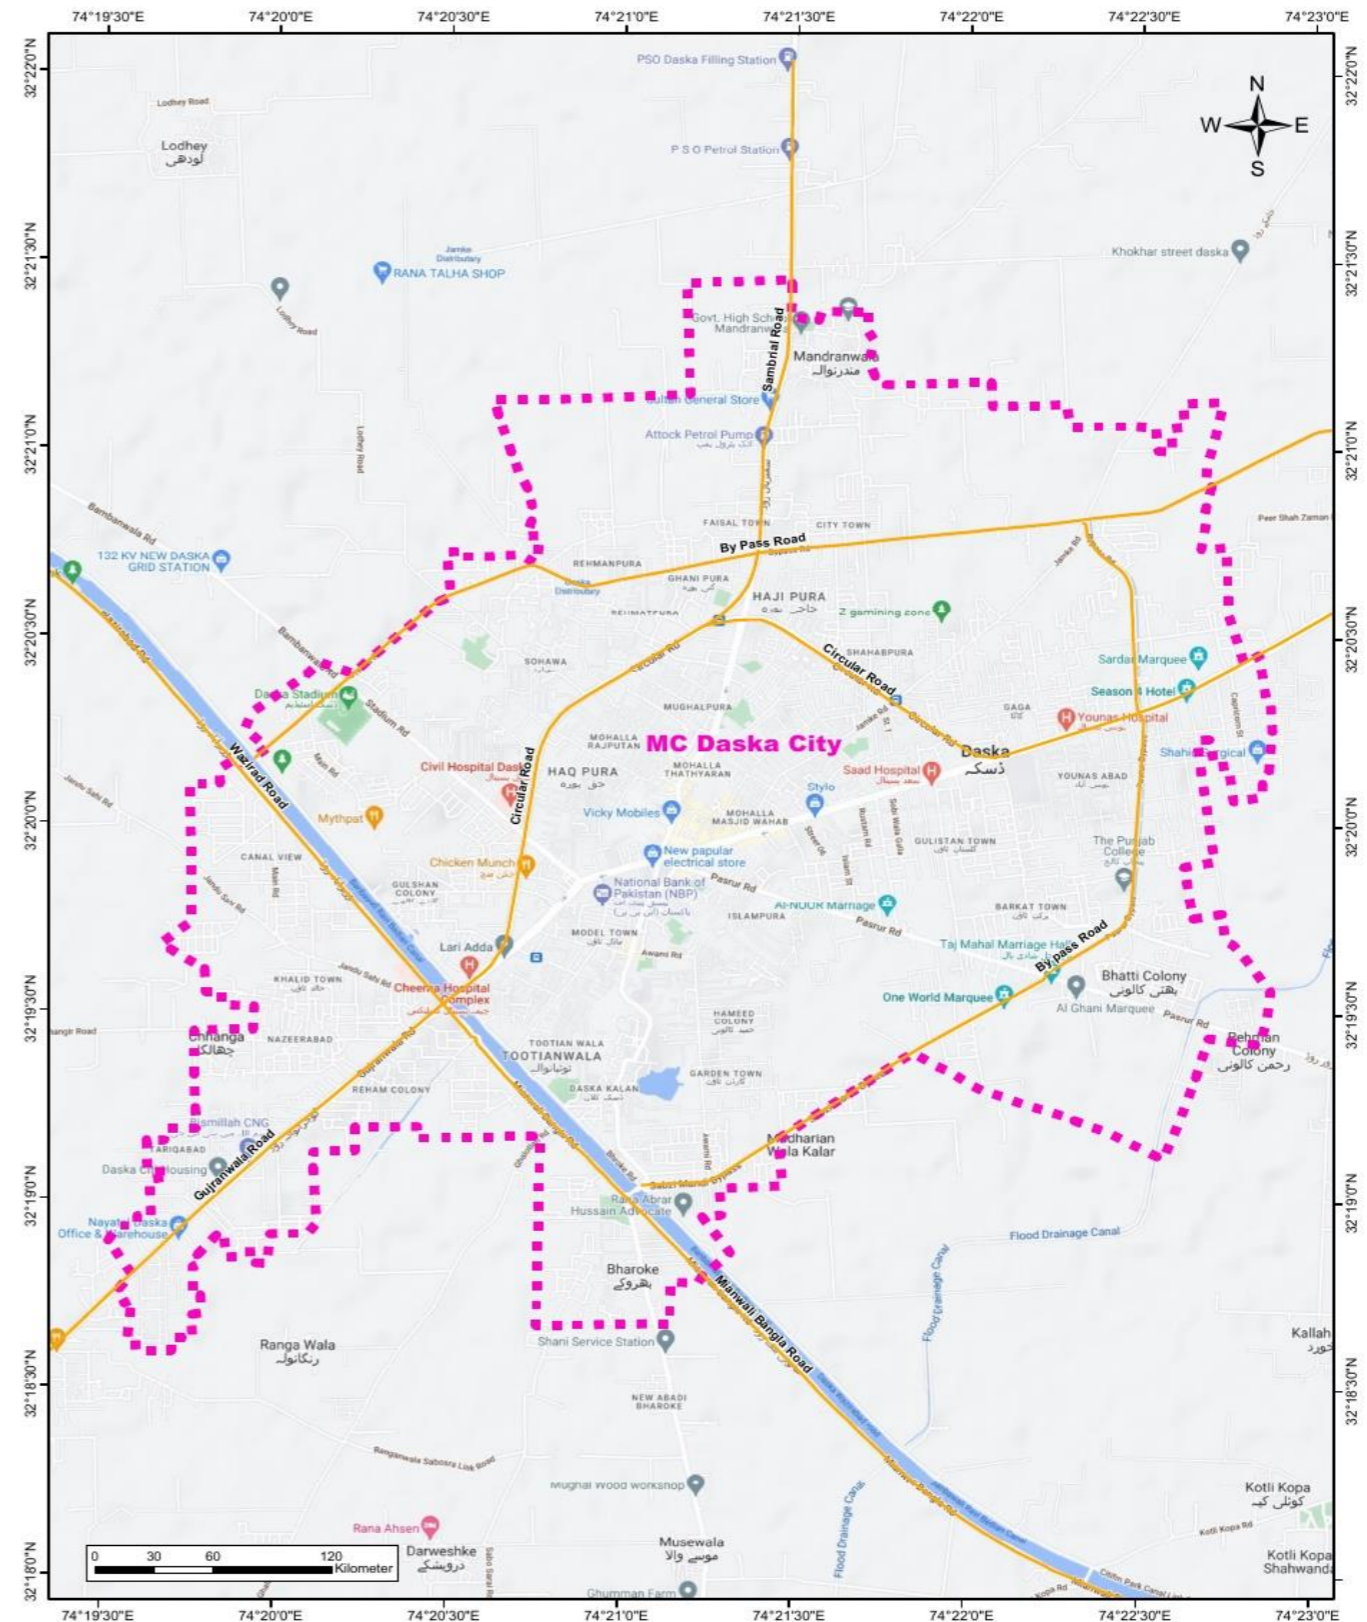

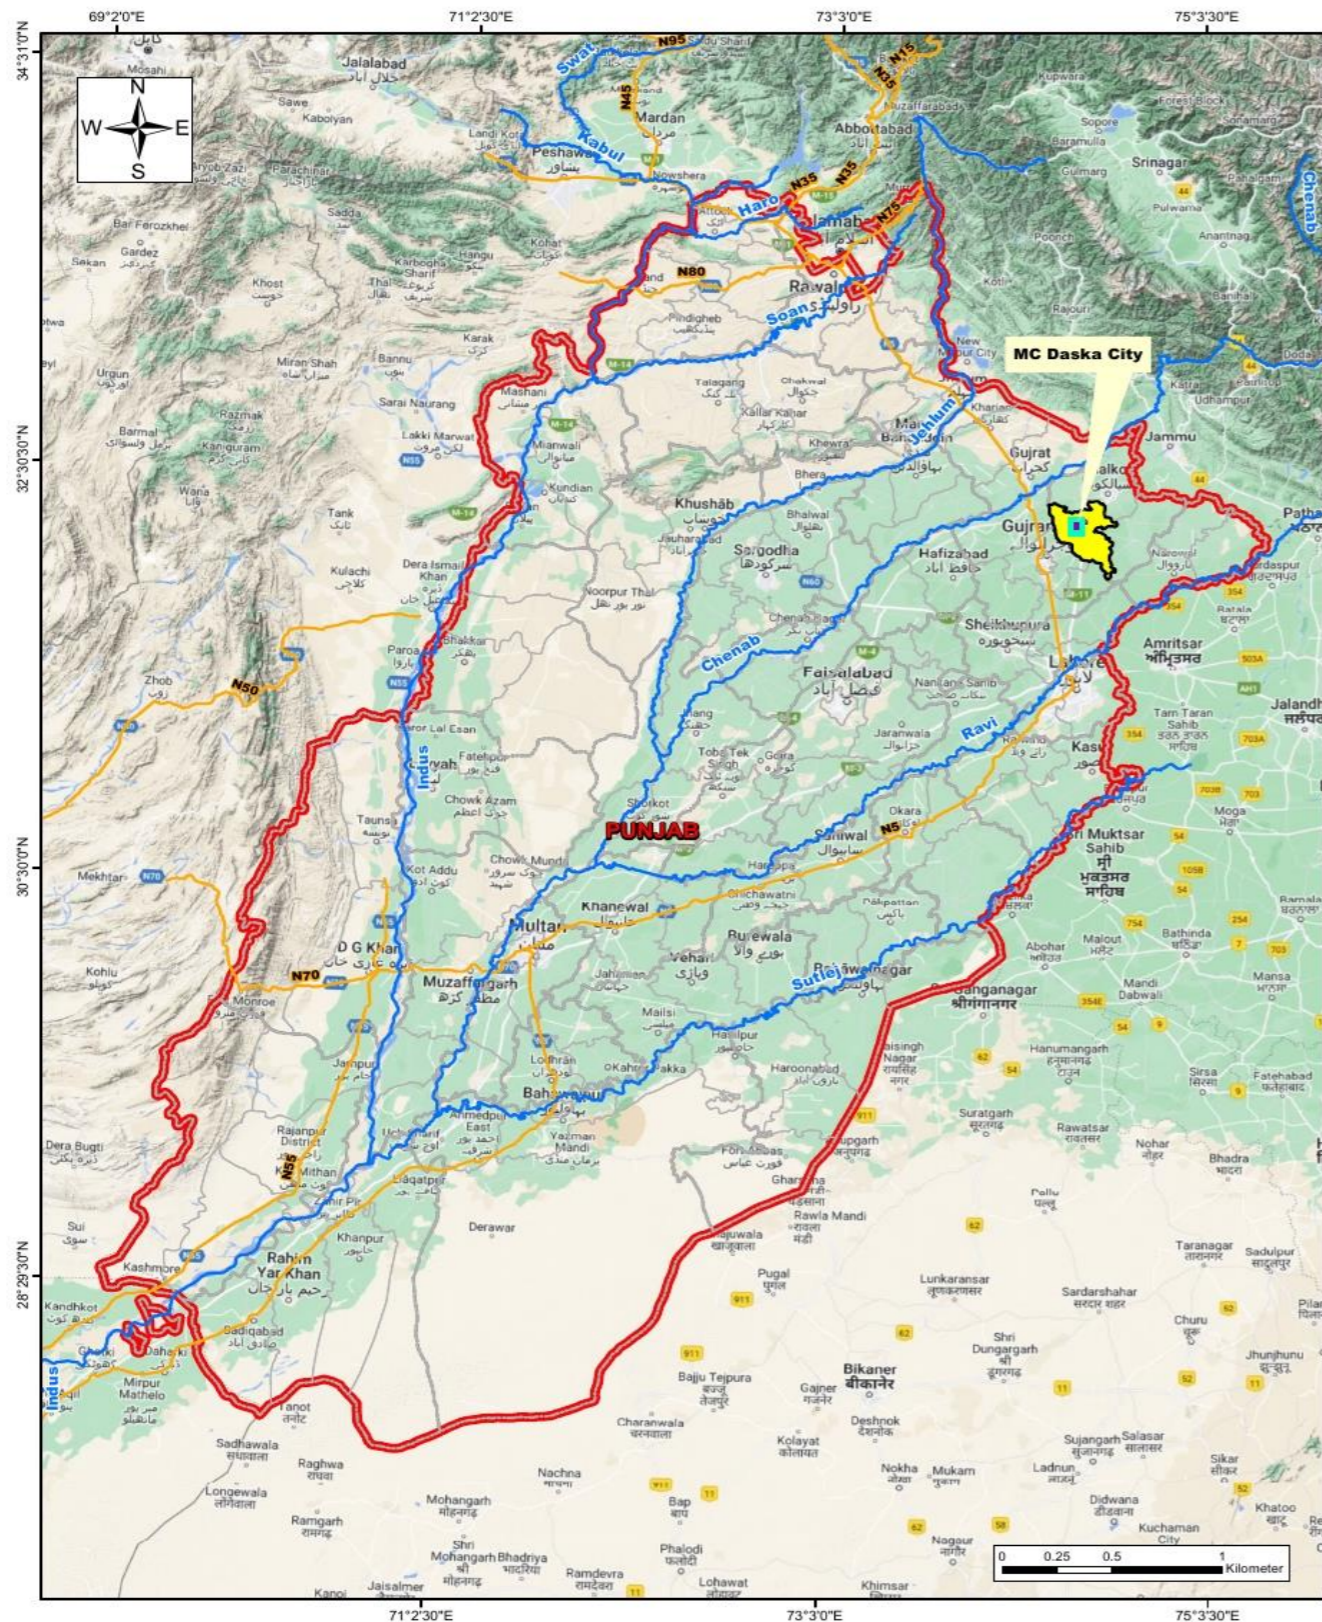

| | |
|--|---|
| | <p>Indirect Employment Indirect employment for production of material such as cement, steel, bricks, steel windows / doors, pumping machinery, electric motors, valves, piping etc. will be generated.</p> |
| i) Impacts of delays on project cost and viability | Delays in the project will cause the total cost of the project to go up. The sensitivity analysis table shows in Annexure-C the net present value of the project if the delay causes the total cost of the project to rise by 10 percent. |
| 12-Implementation Schedule | |
| a) Indicate starting and completion date of the project | The project is anticipated to commence by September 2022 and to be completed by September 2023 with project implementation period of 12 months. |
| b) Item wise/year wise schedule in line chart | The Gant chart has been attached to Annexure-D |
| 13- Management Structure and manpower requirements | |
| i) Administrative arrangements for the implementation of the project | <p>i. Planning & design of the project The project has been designed by the consultants employed by PMDFC and will also carry out the resident supervision of the project.</p> <p>ii. Preparation of cost estimation The cost estimates have been prepared by the design consultants by actual measurements at site. The execution of the items of works included in these estimates /PC-I will be certified by these consultants.</p> <p>iii. Execution of the project</p> <ul style="list-style-type: none"> • The project will be executed by District Council Unit and supervised by the Consultants appointed by PMDFC in resident supervision mode. The technical staff & experts in PMDFC will oversee, co-ordinate and collaborate in the project planning, design and implementation through their experts in head office located in Lahore and regional offices. The reporting of progress to LG & CDD & World bank and troubleshooting will also be responsibility of PMDFC. • MO (I&S) of the Unit has been designated as Project Manager /Engineer in Charge of the project. The supervision of the works will also be carried out by these municipal officers along with their support engineering staff. All supervisory staff is available with MC. • The Procurement Committee of Daska Unit will do the procurement of works and goods as per PPRA Rules. <p>iv. Verification of quantities included in PC-Is and Resident Supervision of the works by consultants The works will be supervised by Supervision Consultants in resident supervision mode by assuring the quantity and quality of works. The consultants will verify the items of work and their quantities contained in the</p> |

| | <p>PC-Is and cost estimates initially and then the quantities and quality of works included in the contractor claims at the stage of payments. Payments will be made by the Unit after these contractor claims have been entered in the measurement books by the Project Manager/Engineer in Charge and pre audited as per LG Works Rules.</p> | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | |
|---|---|-----|--|-----|---------------|---|-------------------------------------|----|--|---|-----------------|----|--|---|-------------------|----|---|---|-----------------------------|----|--|---|-----------------|----|---|---|-------------------|----|--|---|------------------|----|--|
| <p>ii) Present Condition The manpower requirements by skills during execution and operation of the project and; The job description, qualification, experience, age and salary of each post</p> | <p>a) PMDFC experts and staff For rendering assistance in implementation of infrastructure projects in 16 MCs, PMDFC has the experts and staff in the required fields. In order to facilitate the Program Units, three regional offices have been established by PMDFC at Gujranwala, Faisalabad and Multan/Daska.</p> <p>b) Resident Supervision Consultants The project will be supervised by consultants. The tentative staff to be employed/deployed by the consultants for the certification of quantities of works and resident supervision of the project is given below.</p> <table border="1" data-bbox="467 689 1458 1823"> <thead> <tr> <th>S #</th> <th>Personnel</th> <th>No.</th> <th>Qualification</th> </tr> </thead> <tbody> <tr> <td>1</td> <td>Chief Resident Engineer/Team Leader</td> <td>01</td> <td>BSc;/BE in Civil engineering with minimum 20 years' professional experience or MSC; Civil Engineering/Public Health Engineering/Environmental Engineering with Bachelor in Civil Engineering and minimum 15 years, experience, with 5 years on similar assignments in both cases</td> </tr> <tr> <td>2</td> <td>Senior Engineer</td> <td>01</td> <td>BSc/BE Civil engineering with minimum 08 years' relevant design experience or MSc engineering, with 5 years on similar assignments in both cases</td> </tr> <tr> <td>3</td> <td>Resident Engineer</td> <td>01</td> <td>BSc;/BE Civil engineering with minimum 10 years' experience in site supervision and execution for projects of similar nature.</td> </tr> <tr> <td>4</td> <td>Assistant Resident Engineer</td> <td>01</td> <td>Bachelor Degree in Civil engineering with minimum 8 years' experience in site supervision and execution for projects of similar nature</td> </tr> <tr> <td>5</td> <td>Site Inspectors</td> <td>01</td> <td>DAE in Civil with minimum 10 years' experience in site supervision for projects of similar nature</td> </tr> <tr> <td>6</td> <td>Quantity Surveyor</td> <td>01</td> <td>DAE in Civil Technology with minimum 10 years' experience in estimation & costing of projects of similar nature.
